

# Solide Bench

**abfallhai**<sup>®</sup>

## A bench to linger on

*Impresses with its unique design*

Whether while walking in the countryside or in everyday life in the city: a short rest on a bench is always a good idea. For these enjoyable minutes, ANTA SWISS AG offers modern, comfortable and high-quality benches.

Available with armrests and a side rack.

Wall-mountable

They invite walkers to take a short break: time to take a seat on the comfortable bench and let your gaze wander into the distance; pause for a moment, enjoy and make yourself comfortable.

### Solide Bench

Make yourself comfortable on the Solide Bench made of high-quality stainless steel. Alone, in pairs, in groups of three or even four – the bench is available in various sizes with a backrest or as a stool.

### Low-maintenance

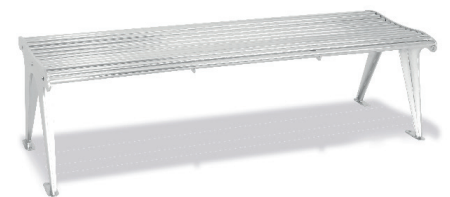

The tubular seating top offers little surface for dirt, snow and water to collect. The bench is dry in no time and dirt cannot adhere.

### Vandal-proof

The stainless steel bench is extremely durable. The Solide Bench can even be mounted to the ground or wall.

### Comfort

The Solide Bench offers a unique seating comfort. The slightly forward-sloping seat makes it easier for elderly people to stand up.

The Solide Stool provides a comfortable seat for sitting and relaxing.

Model	L x H x D Bench	Stool
Solide Bench for two	1084 x 865 x 611 mm	-
Solide Bench for three	1615 x 865 x 611 mm	1612 x 496 x 581 mm
